ALUMNI FEEDBACK 2020-21

An analysis Feedback of the Alumni is an essential component for analysis and improvement in the higher education academic culture. It is the Alumni that can provide a clear idea of the facilities provided by the college, the analysis of which can help improve the facilities for the betterment of students. Once out of the formal structure, the Alumni can objectively talk about the challenges faced by them due to the curriculum. Solid mention to its utility in the job market can be given by the alumni. The feedback forms have been designed with the help of Google forms and shared with the alumni through social media groups. They are required to submit their responses to a set of ten statements on a 5-point scale in which choices range from Excellent (5) to Poor (1). The feedback thus received is then analyzed by the IQAC forwarded to the Principal and then shared with the faculty for discussion. The analysis of the feedback obtained Statement-wise is as follows:
