REPORT
MEDICAL CAMP

The NSS unit of MMNSS College, Kottiyam has conducted a free medical camp on 06/08/2019 in our adopted village (Parakulam colony) in association with Kollam District Hospital and care on wheels. The aim of the programme was to provide the poor population overall physical examinations which include health check-up, BP, sugar and cholesterol. So these medical camps provide free medical advice, medicine to the unfortunate people and refer for specialized treatment whenever it is required.
