## About the Programme

The University of Kerala has a vibrant Placement Cell that brings esteemed organizations and talented students to the same platform. This gives a golden opportunity for the organizations to select the best available talent in the State for a job/internship in their organization. The placement cell also provides an opportunity for the professionals to interact with the best academics of the state.

The University of Kerala has launched the Kerala University Placement Cell to achieve the following specific objectives: To create awareness among students regarding available career options and help them in identifying their career objectives; To guide the students in developing skills and job-search strategies required to achieve their career objectives; To identify suitable potential employers and help them achieve their hiring goals; To organize activities concerning career planning; To act as a bridge between students, alumni, and employers; To take feedback from the industry and provide inputs for curriculum.

In order to achieve the above-mentioned objectives, the Placement Cell is conducting Orientation Programmes on career opportunities and career options in the affiliated colleges of the University of Kerala titled "Placement Readiness". The rationale for the programme is that each college has to be given specific attention. The students in the aided and government colleges affiliated with the University of Kerala are targeted. The expected outcome from the programme are: more awareness among job seekers; better-trained candidates; to bring the employers and job seekers under the same platform.

## Report.

A training session was organised by the ASAP as a part of 'connect career to campus' campaign for the final year UG and PG students to apprise them about the Dwms portal, understand industry skills and current career opportunities. The training session was arranged at the college, Seminar Hall. on 30/01/2023 10:am. There were 118 UG students of various UG programmes and 29 PG students were attended. The programme on the basis of that they registered their names in the Dwms Portal. The resource person Ms. Athira Prabhakar demonstrated the steps of registration clearly how to register <sup>their names</sup> in the Dwms Portal.

Resource Person - Ms. Athira Prabhakar } ASAP  
Mr. Dhamesh Chandran } official

Venue - Seminar Hall.

Date & Time - 30/01/2023.

Targeted audience - UG & PG Students.

## Report on the Program: *Mastering the Path to Success*

Department of English, MMNSS College, Kottiyam

Date: March 8, 2023

The Department of English at MMNSS College has been actively engaged in providing comprehensive guidance to students aspiring to succeed in various competitive exams, including Bank, UPSC, SSC, and PG entrance examinations. The initiative, titled *Mastering the Path to Success*, is designed to equip students with the necessary skills and knowledge to excel in these challenging examinations.

During the academic year 2022-2023, the program enrolled 25 interested final-year students from various disciplines. The program offered targeted coaching sessions, mock tests, and personalized mentorship to help students navigate the complexities of these exams. The curriculum was tailored to address the specific needs of each exam, ensuring that students were well-prepared for the diverse challenges they would face.

The program's success is evident in the outcomes achieved by the participants. Out of the 25 enrolled students, two successfully qualified for different competitive exams, securing positions in prestigious institutions and organizations. Additionally, our successful PG aspirants have been admitted to various central universities across Kerala, Karnataka, and Tamil Nadu. These students are now pursuing advanced studies, furthering their academic and professional careers.

The *Mastering the Path to Success* program has proven to be an invaluable resource for students at MMNSS College, demonstrating the department's commitment to supporting students' academic and career aspirations. The Department of English remains dedicated to continuing this initiative, fostering a culture of excellence and ambition among its students.

## Industrial Visit to Indian Aquatic Products, Shakthikulangara on 29/11/2022

The ED Club of MMNSS College has conducted an industrial visit on 29/11/2022 to Indian Aquatic Products, Shakthikulangara as part of developing entrepreneurial skills among the students and also to acquaint them with the industrial atmosphere. Indian Aquatic products was started in the year 2002. The company mainly focusses on export of marine food products to different countries all over the world. They are well equipped in the packing of fresh/chilled fish & fishery products freezing of raw fish & Fishery products. Fishes like cuttle fish, Tuna, squid and sardine are mainly used for exporting. A Group of 47 students accompanied by teachers started from the college by 10.30 pm . The conveyance was provided by the club and they were taken in a Bus .The visit was conducted in collaboration with Department of Commerce .The visit was mainly focussed to understand the processing and packing of marine products and its export procedures.

Before entering the unit, the students were provided with special dress and Boots as they have to keep up the safety standards. High level cleanliness is maintained in the unit and before the staff enters the room they wash their hands with 20pp chlorine water and their boots with 100pp chlorine water. The staff explained about the processing and operations undertaken within the unit.

The visit was a wonderful experience.  
Phomen Antonio  
building

There were different sections like raw material receiving, pre processing section, chemical treatment unit, weighing, setting, freezing using tunnel trolley and plate trolley, packing of fish are usually done in big cartages. After packing them they are kept in store freezer. Consignments are send to destinations in containers with freezer facility and under temperature as per instructions. The revenue earned from each consignment may go upto 1 crore. The marine products are exported to France, Germany, USA, Thailand, China etc. With proper freezing procedures the products will remain afresh upto 2years.

The visit was a wonderful experience for the students. The owner of the firm Mr. Phiomen Antony explained the history of the firm and the hurdles he suffered in building up this unit. Difficulties in connection with export formalities, their turnover, declining orders after checking etc. were also shared with the students. It was a first hand experience for the students to view the procedures that are being undertaken in an exporting unit. The visit came to an end by 1.30pm and after coming back to college, the students were given an opportunity to reflect upon the visuals they have experienced.

# INDUSTRIAL VISIT REPORT

Date of visit : 29-03-2023

Venue : Munroe Island

An Industrial visit to Munroe Island, Kollam was organised by the Department of commerce in collaboration with DTPC and tourism club on Wednesday 29-03-2023. The tourism sector in India is an integral pillar of the Make in India programme. The tourism industry in India plays a role of significant economic multiplier and becomes critical since India has to grow at rapid rates and create jobs. Tourism tends to encourage the development of multiple-use infrastructure including hotels, resorts & restaurants, transport infrastructure (aviation, roads, shipping & railways) and healthcare facilities. Restaurants, shops, transportation systems, recreational places, etc. develop because of tourism. When tourists visit a new place, they avail all these facilities, thus, contributing and developing the economy of the region. A visit to this tourism place was organised with a view to develop entrepreneurial qualities among the students and to assess the entrepreneurial prospects in the area. 27 students and two faculty – Dr.Kavitha.L, ED Club Coordinator and Head, Department of commerce, and another faculty Devipriya.R accompanied the students. The main objective was to make the members understand entrepreneurial scopes in munroe island by paving real time experience by visiting the place and to get interacted with the service providers like homestay operators, boat service provided by private parties and to understand how their life changed after tourism promotion activities flourished in their area.

Munroe Island, Kerala, India  
XJX9+C46, Munroe Island, Kerala 691502, India  
Lat 8.998531°

29/03/23 12:29 PM GMT +05:30

We have hired a mini bus and went to munroe island. The bus left the campus by 9:00 am and reached the venue at 10:00 am. Munroe island is a hidden part in backwater which is composed of eight islands. It is one of the main destinations of nature loving tourists. After the guidance, students were taken to DTPC (District Tourism Promotion Council) which conducts country craft cruise and village backwater tour. We used their boating service. They provide safe jacket and safety assistance while travelling in boat. Students travelled in three boats. Each boat carried a group of seven students. The boat trip rated at 300 Rs for two hours.

Fish and prawn farms of this island place form an attraction to the visitors. The view of island and the boating feels like meditation, it relaxes our mind and body and keeps afresh.

The major business in munroe is the homestay which is provided by the local people itself in the region. The profit earned through this business was upto 60,000 – 70,000 per month. Homestays are relatively a new type of business as compared to past few years for the people in munroe island. Crab and prawn culture is considered as a highly compatible business as compared to other farming business or practises.

The Industrial visit gives a lot of information about entrepreneurial activities. The students learn about the latest measures and really enjoyed the view of munroe

island. Students learn to practically interact with the entrepreneurs, their working methods and employment practises. They learn to improve their communication skills and understand how communication takes place across verticals. The trip provided unforgettable and an unique experience to its members.

## **Programme by ED Club in collaboration with Department of Commerce and IQAC -Spark Yourself- A Motivational Talk**

Date- 13/3/23

Venue- Seminar Hall

The Program spark yourself- An inspirational talk was organized by Entrepreneurship Club in collaboration with Department of Commerce in our college on 13/3/23 at 10.30am. Program was held in Seminar Hall and it was decorated with banners. All the teachers and students were present at the seminar hall at 10.30am. The program started with the arrival of chief guest Mr. S Suresh Kumar. Hisana, first year B.Com student anchored the program. The program began with a a prayer song. Dr Kavitha L, ED Club coordinator and Head Department of Commerce, welcomed the chief guest and other faculties and students to the program. She introduced the objective of Entrepreneurship development club and the various initiatives undertaken in the college since its inception. Honourable and dignified principal Dr.Satheesh E N presided over the function. Dr Prakash Chandran, Head of the Department, Chemistry and PTA secretary gave the felicitation speech. Mr. Suresh Kumar sir, the resource person and speaker of the program is a corporate trainer and Psychologist. He holds post graduate diploma in journalism and counselling Psychology. He introduced several entrepreneurial and inspirational stories and various real life examples. Inspirational talks gives a sense of purpose that enhances well-being and may lead to personal growth. At times, inspiration can significantly influence the entrepreneur, the entrepreneurial process, and others. Hence conducting such programs enhances and sparks the entrepreneurial and creative thinking ability of the students.

## **Career Guidance class by Department of Commerce and Career guidance cell – 11/11/2022**

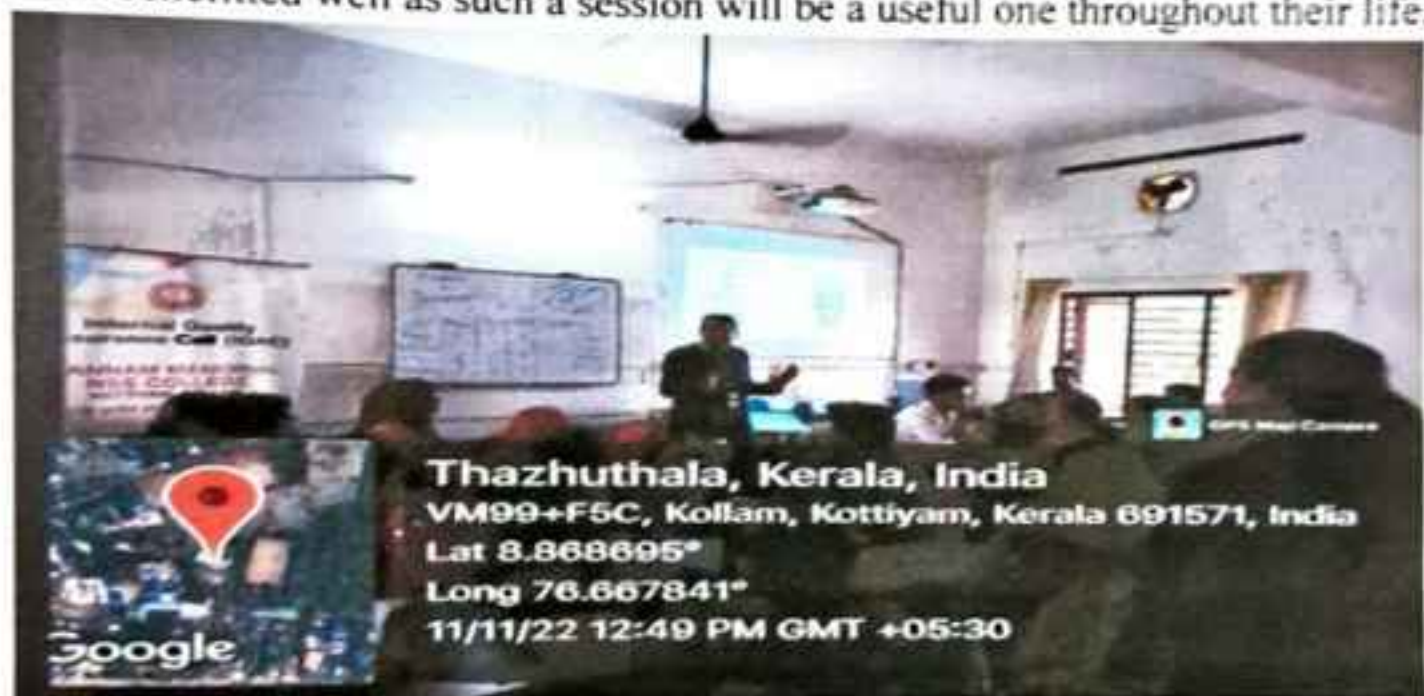

Career guidance classes are very much essential to equip the students to meet the contemporary challenges in the job market. It helps students in taking career-related decision. A systematic process is followed by the career guidance cell of our college to enrich the existing potential of the students.

A career guidance class was provided to the final year B.Com students of MMNSS College kottiyam on 11/11/2022 on behalf of Career guidance cell and Department of commerce in association with skill park, The finishing school, Kollam. Mr. Suhas P S, CEO of Skill park, the event coordinators Mr Chacko Anil and Ms Abhujha Vaishna were the team who led the session from 9am to 1pm at the smart room of Department of Chemistry. The session began with a welcome speech by Dr lal S Kurup, Career guidance cell coordinator and Asst professor of Malayalam. Ms Kavitha L , Head ,Department of Commerce addressed the gathering and also introduced the resource persons. This session mainly focussed on the idea of how to attend an interview and the various etiquettes to be followed while facing an interview board. The entire session was activity oriented and the students were very energetic and very much cooperative throughout the class. Mr Suhas has provided an overview on attending an interview , how to prepare a CV

by their own, consequences of preparing fake CVs and presenting them. The whole session was enriched with presentation slides and supporting videos. Students were asked to prepare a CV and chart paper and other materials were provided to the students to make the CV preparation more attractive and creative. The students were divided into different groups and were named some imaginary company names. The task was completed by selecting two CVs that were outstanding among the group. The session came to an end with a vote of thanks proposed by Ms. Sufi S, Final year B.Com student and a reflection by Althaf of Final year B.Com. The session was very much useful and the students were benefitted well as such a session will be a useful one throughout their life.

### A Career guidance session by INFOCOM Computer College

An academic session was conducted by Infocom college of science and Technology on 14/03/2023 in our college based on the course SAP(System Analysis Program Development). It was a session that provided information about the SAP course which the students were quite unfamiliar. Traditional business models often decentralize data management, with each business function storing its own operational data in a separate database. This makes it difficult for employees from different business functions to access each other's information. Furthermore, duplication of data across multiple departments increases IT storage costs and the risk of data errors. By centralizing data management, SAP software provides multiple business functions with a single view of the truth. This helps companies better manage complex business processes by giving employees of different departments easy access to real-time insights across the enterprise. As a result, businesses can accelerate workflows, improve operational efficiency, raise productivity, enhance customer experiences – and ultimately increase profits. Mr. Prasanth who is a representative from Infocom college informed students about the scope of SAP course. The visual presentation about the course made the session more interactive. They explained about the duration and fee details of the course. The doubts of the students regarding the course were also cleared by them. It was a really useful session that provided the students a better awareness about the job possibilities that SAP can provide in future.

Date

16-12-2022

## REPORT

The PG department of Physics joined hands with Science Club to organise a one-of-the-kind international Webinar entitled 'Life of Antarctica and Opportunities'. The venue of the programme was the Seminar Hall of the institution. It was a live interactive session with Adith R former student of our institution who is currently at the Indian base at Antarctica as part of research. It was a thrilling experience for our students. The resource person briefed about the current studies being carried out in Antarctica as part of sustainable development. He also discussed the research opportunities available for students and how one can reach out for these opportunities. Though there was range issues and the connection was interrupted many times, Students waited patiently to listen to this unique programme. The session is sure to have motivated many to enter to the thrilling world of research.

REPORT

On 18.10.22, the PG Department of Physics organised Celestia - a session on Budget astrophotography for the PG and III DC students of the department. The session was inaugurated by Dr. Sathesh K. S., Principal of the College. Dr. Kishore Ram, Coordinator, IQAC proffered felicitations for the programme. The resource person for the session was Mr. Sarath Prabhu, an amateur Astronomer and Astrophotographer. His photos on meteor shower has recently found place in many leading Malayalam newspapers. In a very lucid manner he explained how the celestial objects can be photographed using the camera of our normal mobile phones. He explained in detail how the camera settings can be adjusted to get photos of good clarity. He even introduced apps like Sky map to locate the position of celestial objects and then to photograph them. The session was very informative and interesting for the audience.

Dr. Sathesh K. S.,  
Coordinator, Celestia.

## Report

Cathode Ray Oscilloscope (CRO) is a common instrument in PG laboratories. In order to make the students aware of the various measurements using a CRO, doing base correction before using the instrument and the various safety precautions to be followed while using the instrument, the Department organised a seminar on the topic in collaboration with Prominent Technologists. Engineers from the industry gave a detailed explanation on the use of the instrument. The basics of all components used in the instrument was discussed in detail during the highly fruitful interactive session. The session is sure to have made the students confident enough to use the instrument.

## WORLD SPACE WEEK CELEBRATIONS

OCTOBER 4 - 10, 2022

FIELD VISIT

POWERPOINT PRESENTATIONS

SPACE QUIZ

All are cordially invited

## REPORT

World Space Week is celebrated every year during Oct 4 - 10. The choice of dates is based on two important dates in space history - the launch of Sputnik-1 on Oct 4, 1957 and signing of Outer Space Treaty on Oct 10, 1967. The theme of the largest annual space event of the world for 2022, is "Space and Sustainability". Joining these worldwide celebrations, the department arranged a field visit to the Vikram Sarabhai Space Centre, Tpm. The space museum was a motivational experience to the students. The students also witnessed the launch of sounding rockets at VSSC. The students also visited the Planetarium, Tpm. Science and Technology Museum at the place filled the minds of students with million questions and they were eager to know more about all exhibits. The students also watched the Star show at the museum. Back at college, the PG students of the department arranged ppt presentations on various topics related to space which was appreciated by the UG students of the department. The presentation was followed by a Space Quiz in which Harsh Atash of IDC Physics was the winner. The programmes came to an end with the promise that attempts will be made to explore more on the truths about space in the coming years.
